JIRAYU TANCHAROEN

SOFTWARE DEVELOPER.

PROFILE

2 years of work experience in junior full-stack software developer. I'm looking for job to open up new perspectives in my field, try learning new technology from experienced team members. That keep me continue to grow and improve my skills. So, I want to try many things to make myself don't get feel burnout. And also interested in research involving patients, elderly and disable persons that can bring technology to help them.
